In reply to letter 2000RC-2627, Request for release of the 17<sup>th</sup> Street Drainage Area for unrestricted use.

Dear Mr. Rutherford:

Based on a review of the Boeing supplied documentation; the final status survey of the 17<sup>th</sup> Street Drainage Area and the ORISE verification survey of the same area, the results of the RHB confirmatory survey of the same area and a RESRAD dose assessment, RHB concurs with your assessment that the 17<sup>th</sup> Street Drainage Area is suitable to release for unrestricted use.

If you have questions, please contact Steve Hsu (916) 440-7940 or Roger Lupo (916) 440-7955.

Sincerely,

Edgar D. Bailey, *C.H.P.*, Chief
